Trailer and Car Parking Map

SatNav location OL15 0DQ Turn-off J21 M62

Car Park 1 directly in front of the clubhouse is reserved for boat trailers, accessed through the second entrance when coming from the M62 direction. Towing vehicles will unfortunately have to then move to another car park because of space limitations. Race officials may park at the Sailing Club (Car Park 2) accessed via the second entrance to Car Park 1.

Car Park 4 is not open until 8.00am, so for competitors arriving before 8.00am we recommend using Car Park 3 which is at the Country Park Visitor Centre. Continue beyond the trailer park and turn right at the sharp bend in front of The Wine Press then take the first turn left. All day parking is £5. Pay by card or use the Pay by Phone App – location 808639 Hollingworth Lake Country Park Car Park. Follow the road and lakebank footpath back to the club. There is a small disabled car park [5] just past the trailer park where you may not park, but you could drop off crew members, trestles etc. on the way to parking. For competitors arriving after 8.00am we recommend car park [4] as it is closer. This has an electronic entrance barrier which should open at 8.00am. Do not drive in down the exit road as it has flowplates fitted in the ground. Pay by card or Pay by Phone App (808638) and all-day parking is £5. You can make your way to the trailer park via the footpath at the west corner of the car park - blue dotted line on the map. If you are only staying for a short while you can try The Beach Pub car park [5]. This is card or pay by phone (806038) but limited to 3 hours. Please make sure you pay as the car park wardens are vigilant, and Euro Car Parks manage The Beach Pub car park with cameras. Do not park in the residential parking areas as you will get a fine.
